File Hosters and Limitations

File Hosters and Limitations

The list of file hosts is available at this address: https://www.mega-debrid.eu

We provide free hosts, but also hosts reserved for our VIP customers.

Some hosts may contain a daily limit expressed in number of links generated or in quantity (for example 30GB). These limits are present because the hosts themselves limit their premium accounts.

We are able to offer unlimited only on hosts who also offer unlimited on their premium accounts.

Limits are reset every day at midnight.
