JDownloader

Configuration and use of jdownloader

JDownloader plugin was developed by the JDownloader teams. In the event of a problem, please contact their support.

Jdownloader is available for download on this page: https://jdownloader.org/download/index

Once the software is downloaded, installed and launched, just follow the procedure below:

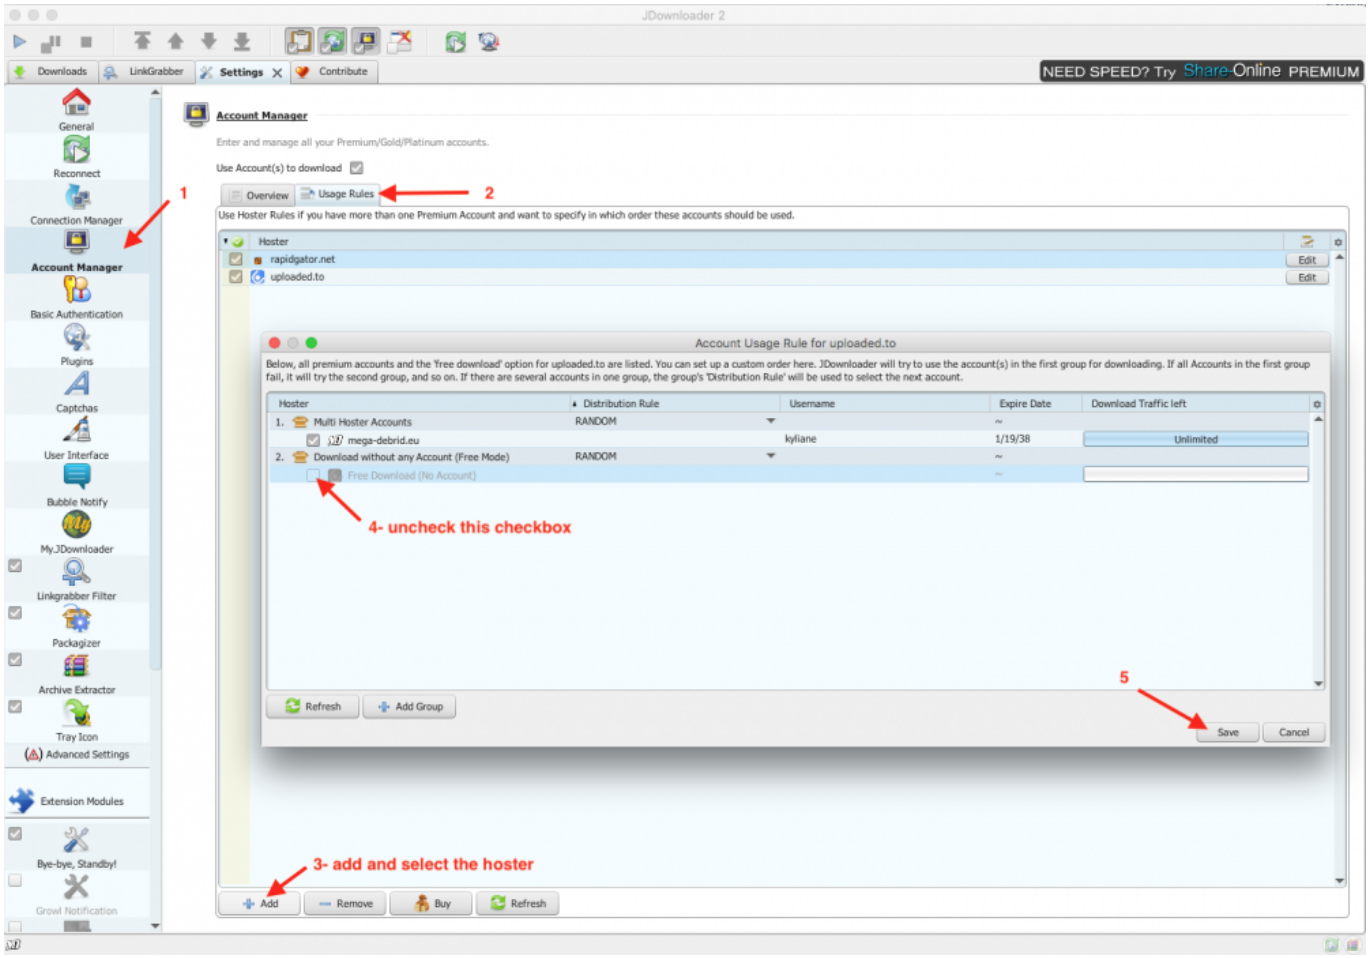

All the links entered in JDownloader will be automatically unbridled and downloaded.

If some hosts do not work via Mega-Debrid, you have the possibility of forcing the download by Mega-Debrid via the procedure indicated below:
